

## SCHOOL OF RADIOLOGIC TECHNOLOGY PROGRAM EFFECTIVENESS

A percentile rank indicates the percentage of scores at or below the corresponding mean scaled score. Percentile ranks are rounded to the nearest whole number.

These percentile ranks were not obtained by comparing school mean to all other school means, but rather by comparing the mean score of program’s graduates to the distribution of scores for all graduates.

### Program Effectiveness Data

Five-year average credentialing examination pass rate, five-year average job placement rate, and annual program completion rates are available at [JRCERT Portal / DCH Effectiveness Data](#).
