

SCHOOL OF RADIOLOGIC TECHNOLOGY PROGRAM EFFECTIVENESS

A percentile rank indicates the percentage of scores at or below the corresponding mean scaled score. Percentile ranks are rounded to the nearest whole number.

These percentile ranks were not obtained by comparing school mean to all other school means, but rather by comparing the mean score of program’s graduates to the distribution of scores for all graduates.

Program Effectiveness Data

Five-year average credentialing examination pass rate, five-year average job placement rate, and annual program completion rates are available at [JRCERT Portal / DCH Effectiveness Data](#).

ARRT Results for DCH		
Five-year average credentialing examination (American Registry of Radiologic Technologists Radiography) pass rate of not less than 75 percent at first attempt within six months of graduation.		
Current Statistics		
2014	100%	18 of 18 passed on 1 st attempt
2015	100%	16 of 16 passed on 1 st attempt
2016	100%	16 of 16 passed on 1 st attempt
2017	94.1%	16 of 17 passed on 1 st attempt
2018	100%	15 of 15 passed on 1 st attempt
5-year avg	98.82%	81 of 82 graduates passed on the 1st attempt

Job Placement Statistics for DCH		
Five-year average job placement rate of not less than 75 percent within twelve months of graduation.		
Current Statistics		
2014	100%	18 graduated <ul style="list-style-type: none"> • 2 continued education (US) • 16 employed in field within 6 months
2015	100%	16 graduated <ul style="list-style-type: none"> • 4 continued education (US) • 12 employed in field within 6 months
2016	100%	16 graduated <ul style="list-style-type: none"> • 16 employed in field within 6 months
2017	100%	17 graduated <ul style="list-style-type: none"> • 2 continued education (US) • 15 employed in field within 6 months
2018	100%	15 graduated <ul style="list-style-type: none"> • 15 employed in field within 6 months
5-year avg	100%	82 of 82 graduates were employed with 6 months of graduation.
